

Guidelines for number of Ph.D./postdoc positions pr. supervisor

The same person can at the same time only be main supervisor/mentor for up to four candidates in PhD or postdoc positions financed by the Faculty of Medicine. Applications in which the supervisor/mentor already has four candidates (Ph.D. and postdocs combined) will not be processed. Note that change of main supervisor/mentor during the Ph.D .or Postdoc period is allowed only in extraordinary situations . Candidates are counted as "out" of supervision when they have submitted their thesis. It must be clear from the supervisor's candidate overview at the application date whether a candidate is in the category «out».
